Change Capacity Facilitator Certification

Terms of Service Policy

The Change Capacity Facilitator Certification is a professional development programme. By booking, you confirm you are booking for professional purposes.

All fees are non-refundable.

If you can't attend, you can either:

- send a colleague in your place, or
- transfer once to another cohort running within 12 months, subject to availability.

Both must be requested in writing before the programme starts. Non-attendance forfeits your place and fee.

If we cancel, you can choose a full refund or a place on the next cohort. We are not liable for travel or any other costs.
